Commissioner of Labour.

To

The Secretary to Government,

Public Works & Labour Department,

Fort St. George.

Sir,

Deputy Surveyor - South Kanara - Reinstatement.

---

The District Labour Officer, South Kanara, reports that there are about 700 to 800 sub-divisions pending to be measured and that there are xxx also several sub-divisions to be measured in Panathad Village in Kasaragod Taluk where an area of about 2000 acres has been reserved for the use of the Depressed Classes and where there are a number of applicants for land on darkhast. The District Labour Officer states that out of the six special Inspectors in the district, four have been abolished and that the remaining two who are each working in three Taluks cannot attend to this large survey and sub-division work in addition to their legitimate work. He therefore requests that the post of the Deputy Surveyor which was abolished with effect from 16-6-1931 along with the other Deputy Surveyors working in this Department, may be restored until the work referred to above is completed.

post of Deputy Surveyor in this district temporarily till the end of March 1932. The expenditure involved can be met from the current year's provision under "37 a. Miscellaneous Departments - Labour - Reserved District Staffs Pay of Establishments Voted)

I have the honour to be,

Establishment - District Staffs - Special Deputy Surveyor Reinstatement - Sanction applied for.

---

The post of the Special Deputy Surveyor working in this Department was abolished with effect from 16-6-1931 - Please see your proceedings No. E-4758-31, dated 10-6-1931. Consequent on this, the survey work, which was formerly being done by the Deputy Surveyor, has now devolved upon the Special Inspectors. There were formerly 6 Special Inspectors attached to this Department. But, along with that of the Deputy Surveyor, the posts of 4 of the Special Inspectors have also been abolished with effect from 16-6-31, in your proceedings quoted above. The 2 remaining Special Inspectors, who have therefore been placed in charge of 3 Taluks each, have now to attend to Survey work in addition to the other multifarious duties.

2. The jurisdiction of 3 Taluks for a Special Inspector is in itself beyond easy traverse, and it is impossible to expect speedy and efficient work, as much time is spent in travelling from one place to another. What little time is available after deduction is made for travelling, is insufficient for the Special Inspectors to attend to their ordinary duties, such as allotment of land to Depressed Classes, formation and inspection of colonies, inspection of plots dealt with in darkhast cases, inspection of schools and supply of books, etc. and all correspondence relating to them, distribution of pay of teachers in some cases, and rent and scholarships, supervision of well and other works, and preparation of estimates, etc. distribution of books and clothes to Depressed Classes children reading in general schools, collection of Land Revenue arrears and attending to all other corres

sub-divisions to be formed in accordance with the lay-outs approved by the Director of Town Planning, Madras There are also several sub-divisions to be measured in Panathady village in Kasaragod Taluk. where an area of about 2000 acres has been reserved for the use of the Depressed Classes and where there are a number of applicants for land on darkhast. Panathady is a very extensive kumri village, where the survey operations are extremely difficult. A proposal was however put forward for the Survey Department to attend to the Survey work there. But it had to be dropped as the expense involved was much, and the survey work was accordingly allotted to this Department. It is physically impossible for the 2 Special Inspectors now working, to attend to all this work. Even when there were 6 Special Inspectors under thi Department, the Deputy Surveyor had sufficient work to do. With the existing two Special Inspectors, naturally he (the Deputy Surveyor) must necessarily have more work. I therefore beg to submit that the services of a Deputy Surveyor are quite indispensable; and request that the post of the Depu Surveyor may be kindly sanctioned and reinstate If however the Commissio er is not prepared to retain him permanently, as is perhaps the case with th other existing special staff, he may at least be kindly retained till the en of March next, so that the work which is now in heavy arrears may be got com pleted before 31-3-1932, thereby leaving little arrears at the end of March next. The expenditure involved is not much. If the proposal is sanctione with effect from 1st December 1931, a sum of Rs. 140/- will be required for his pay, at Rs. 35/- per mensem from 1-12-1931 to 31-3-1932, and another sum of Rs. 100/- for his T.A. at an average rate of Rs. 25/- per mensem for the period.

offered due remarks on the necessity to do away the works should be done by the Labour, deptt as proposed by the Labour Commt. It will seem from the BP recorded in Fo 1190 Rev & 15-6-29 that all Stages of Darkhast work should be done by the Rev deptt. With reference to the Rev & L Secy note at p 3 supra the work may therefore be done by the Rev deptt.

PUBLIC WORKS AND LABOUR DEPT.

The proposal of the Revenue and P.W. & L. Depts. is to sanction the employment of a Deput Surveyor on Rs 35 in the South Kanara District f sub-division work connected with assignment of lands to depressed classes. It is stated that there are about 700 to 800 sub-divisions pendin to be measured in the Kasargod Taluk and that a special Dy. Surveyor is considered necessary to attend to this work.

The post of Dy. Surveyor who was attendin to the sub-division work under the District Labour Officer, South Kanara was abolished in June 1931 as a measure of retrenchment. The proposal of Revenue to employ a special Dy. Surveyor and to recover the cost from the assignees as laid down in para 17 of B.S.O. 34(A) may be accepted. Revenue may be requested to specify, in the orders to be issued, the period for which the additional Dy. Surveyor is to be sanctioned.

The notes from page 7 ante are submitted for perusal. The proposal of the Commr of Labour was to sanction the post of a Dy Surveyor temporarily for 4 months from 1.12.31 to 31.3.32. It is not known whether the additional

Dy Surveyor has already been employed in anticipation of the sanction of Govt. However it seems ~~to be~~ unnecessary to consult the Board of Rev about it. A draft order sanctioning the work for 4 months is submitted for approval. It may be sent to the PWD & Fin depts for ~~acceptance~~ perusal of the Govt.
